

the stiff pearly surface is pushed  
**this** SUD **comes** as **consolation**  
rocking above the relief shaped  
by a flesh-like duster pressing  
further **this** SUD **comes** as  
**consolation** the duster moves to the sides of the  
surface and **this** SUD **comes** as  
**consolation** almost covering the curve rendered  
oblique by the exerted pressure the  
perturbed system seems **this** SUD **comes**  
as **consolation** to change one's respiratory  
rhythm the succession of different states  
of this organic matter **this** SUD **comes**  
as **consolation** occurs in nearly total silence  
interrupted only by **this** SUD **comes**  
as **consolation** rustlings caused by the pressure  
and movements of the duster
